THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter Verses
Sunday	Psalms	96 1-13
Monday	Psalms	72 1-20
Tuesday	Psalms	61 1-8
Wednesday	Matthew	7 24-28
Thursday	Hebrews	13 6-8
Friday	Revelation	22 1-5
Saturday	Psalms	119 137-144

Rocks and a relentless sea . . . stone sentinels . . . waves broken into misty foam . . . then caves and clefts and briny pools of rounded sculpture.

Who wins the endless fray? Today it may be the rocks, tomorrow the sea! Yet man goes on building his cities, tilling his soil, believing in his God.

Is not this the parable of all life? Time, like an ocean, floods relentlessly over the shores of life. Today sure! Tomorrow uncertain. But we go on building and tilling—and if we understand the parable—believing in the One whose love and power control today and tomorrow.

There is Something in life more certain than the rocky coast . . . more persistent than the crashing wave. It is the call of God to faith. It is the firm, sure Message of the Church to a battered, changing world!

CO. COUNCIL CUTS \$9,500 OFF REQUESTS

ACTION IS TAKEN DURING
SPECIAL MEETING
ON FRIDAY

The Putnam County Council, in a special meeting Friday, refused to allow a total of \$9,500 in requested appropriations for the remainder of the year.

The biggest amount was lopping \$7,000 off a request for \$25,000 in wages for drivers and mechanics in the county high way department. Other requests were allowed in this department to bring the total additional appropriation to \$26,925.

The council disallowed \$480 in salary for the director of the welfare department; \$1,500 for salary of visitors, and \$420 for salary of clerical assistants, a total of \$2,400. The welfare Department in 1957 will spend a total of \$278,246.

The council did allow \$12,000 to the welfare department for assistance of dependent children in custody of relatives.

The council cut \$100 off a requested \$800 for maintenance of the sheriff's car for the rest of the year.

These signs have been put up so that motorists will keep their cars off these streets in order that the street sweeper can operate more quickly and with more efficiency.

Drive On Dogs Starts Wednesday

In conjunction with the county-wide quarantine on dogs, Police Chief John Vermillion announced today that his department will cooperate in every way to prevent a rabies epidemic.

Starting next Wednesday, Chief Vermillion said, all dogs running at large within the city limits will be disposed of by the police.

The quarantine states that all dogs must be kept on a leash or confined for 120 days in Putnam County.

Consequently, all dogs regardless of whether they have collars and tags, running loose will be done away with by the officers.

IN THE GOOD OLD DAYS

DRUNKENNESS DEFINED — "We present the following definition from an old magazine for the benefit of posterity—Drunk, a (from drink)—over the bay, half seas over, hot, high, corned, cockeyed, breezy, smoked, half-cocked, shaved, disguised, jammed, breezy, smashed, swipy, stewed, salted down, how fare ye, on the lee side, all sail set, three sheets in the wind, well under way, spreading, blowing broozy, sawed, snubbed, bruised, stewed, soaked, comfortable, stimulated, jug steamed, tangled leg, haw-eyed blue eyed, passenger in the Cape Ann stage, stripped, over the bay, faint, shot in the neck, bamboozled, weakjointed." (1854)

CONFESSION — "Punch says, in his Pocketbook for 1854, that there are several things which you can never by any accident get a lady—be she young or old

—to confess to. Here are some of them:—that she laces tight;—that her shoes are too small for her;—that she's ever tired at a ball;—that she paints;—that she's as old as she looks;—that she's been more than five minutes dressing;—that she has kept you waiting;—that she blushed when a certain persons name was mentioned;—that she ever says a thing that she doesn't mean;—that she is fond of scandal;—that she can't keep a secret;—that she is of all persons in the world—in love;—that she doesn't want a new bonnet;—that she can do with one single thing less when she is about to travel;—that she hasn't the disposition of an angel, or the temper of a saint;—that she doesn't know better than anyone else what is best for her;—that she is a flirt or a coquette;—that she is ever in the wrong."

HORSES — "Our county is one of the first in the State, although it has the name for being the banner county for ignorance. We have the best set of farmers, and the richest soil in the State. Only two counties exceed Putnam in the number of horses and their value, according to the report of the State Auditor for 1853.

Montgomery 9,212 horses
Wayne 8,681 horses
Putnam 8,669 horses
MONON — "The track upon the New Albany and Salem Railroad, from the north, was finished to our place on last Friday. The whistle of the locomotive in that quarter of town is now daily heard. We have not learned when the passenger train will start running. There is now ready at this place for shipment by this road via Detroit to New York, some 20,000 barrels of pork, lard, etc." (1854)

BLOOMER OUTDONE — "Miss Marcy B. Williams contends for the right of women to wear men's clothes if they choose. In a letter recently published, she argues the matter, and lays down the law of good taste in regard to the cut and color of jackets and trousers for the fair sex. She says: I hold that women should wear this costume whenever and wherever they choose to do so, either in town or country, in doors or out of doors, occasionally or constantly. If the male part of creation should find any trouble in determining our sex, let them quit shaving their faces, and then the difficulty would be obviated." (1854)

PROBE GETTING RESULTS

WASHINGTON UPI — The Senate Rackets Committee ended its second week of inquiry into affairs of Teamster boss James R. Hoffa with a sign its labors were bearing fruit.

Court-appointed monitors for the Teamsters Union late Friday recommended proceedings which could lead to ouster of Owen Bert Brennan, Teamster vice president and Hoffa's close buddy.

CONGRESSMEN BUSY

WASHINGTON (UPI) — Congress worked desperately today to patch up an adjournment agenda with the senate tackling its benefit-boosting Social Security Bill in a Saturday session.

The Senate was meeting after a late Friday night session. Leaders expected the bill increasing both benefits and payroll taxes for Social Security to pass the Senate with little change and be accepted by the House.

WASHINGTON UPI—The government filed a suit against the state of California and nearly 400 oil producers today to halt activities which, it said, are causing the U. S. naval shipyard at Long Beach to sink into the sea.

Missile Ready For Moon Shot

CAPE CANAVERAL, Fla. UPI—An immensely tall rocket with a knobby contrivance on top stood gaunt in an Air Force tower on Cape Canaveral today. It apparently was ready for a widely anticipated "shoot for the moon" Sunday.

The Air Force and Defense Department still would not confirm that the big test, marking man's first uncertain leap to bridge the chasm between the planets, was imminent.

The maximum goal of the test is to orbit an instrumented satellite of under 100 pounds around the moon and obtain a crude television picture of its eternally hidden "dark side."

Informed sources have noted that Sunday is the best day for such a test. If the rocketeers can not get it off then, they have the next three days when the moon still is relatively close to earth—within 230,000 miles.

Only a short period of each day will provide a celestial alignment favorable for shooting and the whole thing could be called off for another month.

Girls in the Pioneer Heritage unit will study Abraham Lincoln, with special reference to his period in Illinois. Field trips will be taken to historical places in the Land of Lincoln. The group will study the music, dances, and homelike skills of the pioneers.

The encampment will be operated during the last two weeks of August.

DIXIE PASTOR IS SPEAKER AT CONFERENCE

American youth are in many cases today deciding where their parents will go to church, the Rev. Howard W. Ellis, Nashville, Tenn., said here yesterday at the National Conference of Methodist Youth.

Mr. Ellis, who heads the national youth evangelism program of the Methodist boards of education and evangelism, is leading a work group on evangelism at the eight-day conference, which began Thursday at DePauw University.

"About 20 per cent of Americans move every year," said Mr. Ellis, "and many times when a family moves into a new community, the parents will decide to attend a church favored by their teen-age sons or daughters because new friends they have made attend there."

"Children, as well as teenagers, often similarly influence their parents' decision on where they will attend church in a new community," he said.

Mr. Ellis, also said that often teenagers of non-church-attending families will join a church with an active youth program, and later their parents will be influenced by them to start attending church.

About 225 delegates are attending the annual meeting. They are national, regional, and state officers of the Methodist Youth Fellowship, which is for high school age youth, and the Methodist Student Movement, which is for college students.

BABE RUTH EXPIRED

10 YEARS AGO TODAY

NEW YORK (UPI) — Ten years ago today, at precisely 6:45 p. m., Babe Ruth had a premonition.

Slowly, almost tediously, he swung his body around and tried to get off his hospital bed.

"Where are you going?" a doctor asked anxiously.

"I'm going over the valley," the Babe said simply.

PLANE CRASH TAKES 22 LIVES FRIDAY NIGHT

34 ABOARD AIRLINER ON
NEW YORK-TO-NANTUCKET FLIGHT

NANTUCKET, Mass. (UPI) — A New York-to-Nantucket airliner crashed in fog and burst into flames Friday night, killing 22 of the 34 aboard, including former Atomic Energy Commission Chairman Gordon E. Dean.

The Northeast Airlines Convair was filled with holiday-bound week enders when it slammed to earth and disintegrated. Seats, bits of flaming fuselage and wheels were hurled hither-skitter into woodlands east of the airport. The biggest single part left was reported to be one engine.

The body of Dean, a week end "vacation committer," was identified by his wife.

A baby, 2-year-old Cindy Lou Young, was hurled alive from the wreckage, but her mother was killed. The baby was among 12 persons hospitalized.

Amid the flaming wreckage, strewn about pine woods near Nantucket Airport, year-round residents and summer vacationers risked death when fire neared gasoline tanks to carry survivors to safety.

It was the second crash of a Northeast Airlines plane in southeastern Massachusetts in 11 months. A fog-delayed airliner crashed Sept. 15, 1957 at New Bedford, killing 12 and injuring 12 others.

Besides Dean, the dead in Friday's crash, included the pilot, Capt. John Burnham of Marshfield, Mass., a veteran of eight years service, and his co-pilot, David Carey of Nantucket.

The stewardess, Eileen Dabek, 25, of Manchester, N. H., also was killed. She had been flying only since January.

From the sky before dawn the scene was eerie. Jagged streaks of lightning and pouring rain added gloom to tragedy. From the air, emergency lights could be spotted ringing the area.
